Valid Stocking Permits from the Department of Inland Fisheries and Wildlife must be obtained before you can pick up your fish. **A copy of your approved stocking permit and your order must be submitted to our office by May 14, 2012.**

To obtain a stocking permit application please contact our office, or visit our website. Any permitting questions must be directed to the IF&W at (207) 287-5261.

Please allow IF&W two weeks to process your application. Please note that the IF&W will now be charging \$10 for a five year permit. There is also a \$5 fee for replacement copies.

It is extremely important that your fish are picked up at noon on May 16, 2012. The oxygen bags can only support the fish for a limited time, late the afternoon the fish may begin to suffocate. We want your fish to make it to their new home safely.
